Are you interested in apartment style housing on campus? UCSD's International House has several residences available for visiting faculty members or scholars who are willing to take part in an international and multicultural community.

International House UCSD is a residential community of over 350 international and American undergraduate and graduate students which was created to foster multicultural sharing. It is a unique and lively community dedicated to the promotion of international awareness and intercultural understanding. We are looking for resident scholars who are willing to participate in I-House Programs and to collaborate with the director of I-House in the development of programs for residents and for the campus at large.
